An outline, also called a hierarchical outline, is a list arranged to show hierarchical relationships and is a type of tree structure. An outline is used to present the main points (in sentences) or topics (terms) of a given subject. Each item in an outline may be divided into additional sub-items. If an organizational level in an outline is to be sub-divided, it shall have at least two ...

Last week, we discussed the tides and currents that determine where and when fish are likely to feed in the Cape Region. Since almost all the water in the region is tidal, knowledge of tides and current is critical to successful fishing. Most tackle shops give away tide charts, and this newspaper prints the tides in every edition.
