Sociology of culture - Wikipedia

Culture is a term that refers to a large and diverse set of mostly intangible aspects of social life. According to sociologists, culture consists of the values, beliefs, systems of language, communication, and practices that people share in common and that can be used to define them as a collective.

Culture - Definition, Discussion and Examples

Culture plays a significant role in how power and authority are gained and maintained in a society. German sociologist Max Weber (1864–1920) developed particular definitions of power and authority. For Weber power is the ability of individuals or groups to achieve their goals, despite resistance. A somewhat broader understanding is that those who have power are able to make their own interests or concerns count in a group or situation.
