download formats.

There are hundreds of books available here, in all sorts of

interesting genres, and all of them are

completely free. One of the best features of this site is that not all of the books listed here are classic or creative commons books.

ManyBooks is in transition at the time of this writing. A beta test version of the site is available that

features a serviceable

search capability. Readers can also find books by browsing

genres, popular selections, author, and editor's choice. Plus,

ManyBooks has put together collections of books that are an interesting way to explore topics in a more organized way.
