As with many of these change management models, it's worth meeting with at least the upper levels of your management to do this, as you'll get a more accurate idea of these things in practice. You need to be looking at whether your 7-S' support each other, and planning incremental changes to make that happen if it isn't already.

8 Critical Change Management Models to Evolve and Survive ...

Theories of organizational change almost always involve a series of stages that lead a company and its staff from the way things are done today to how things should be done tomorrow. Whether or not the theory is successfully put into practice depends on what the innovation is and who comes on board.
