Yes, most of us think of policy and procedure manuals in a negative light. However, your company can change all that. It's time to turn your thinking around and to see the positive side of policy and procedure manuals. Unlike what you may have thought, a policy and procedure manual is not designed to control employees, but actually to empower them.

Why Your Organization Needs a Well Written Policy and ...

The operations manual is the documentation by which an organisation provides guidance for members and employees to perform their functions correctly and reasonably efficiently. It documents the approved standard procedures for performing operations safely to produce goods and provide services. Compliance with the operations manual will generally be considered as activity approved by the ...
