Calculus: Single Variable: Hughes-Hallett, Deborah ...

The authors believe this edition will work well for those departments who are looking for a calculus book that offers a middle ground for their calculus instructors. CALCULUS 5e exhibits the same strengths from earlier editions including the Rule of Four, an emphasis on modeling, exposition that students can read and understand and a flexible ...

Calculus: Multivariable: Lonzano, Guadalupe I., Hughes ...

The fifth edition uses all strands of the "Rule of Four" - graphical, numeric, symbolic/algebraic, and verbal/applied presentations - to make concepts easier to understand. The book focuses on exploring fundamental ideas rather than comprehensive coverage of multiple similar cases that are not fundamentally unique.
