past misfortune superimposed upon the present as he begins to revive the nightmare of losing Kara and Alice all over again. The Chemistry of Death is British crime fiction at its best. Gruesome, shocking and disturbing but also compelling and quite gripping, author Simon Beckett never shies away from his detailed descriptions of the decay process and his exploration of the "time since death ...

The Chemistry of Death-- book review

I really enjoyed reading Simon Beckett's "The Chemistry of Death" because it turned out to be a real page-turner. David Hunter's work as a forensic anthropologist is simply fascinating because it differs from the traditional police work and criminal investigation procedures I usually read about in thrillers.
